

Titel der Sendung: Heidi Klum and Halloween – A harmless creepy party?

According to ex-Satanists John Ramirez and John Todd, Halloween is not a harmless scary holiday in the circles of the Satanic cult. Among Satanists and in witchcraft circles, Halloween is said to still be the supreme holiday, a celebration of horror and death. According to the testimony of these two ex-Satanists, most children disappear during this time of year. John Todd literally: “Who wants to celebrate the day when witches sacrifice thousands of people throughout the world?”

Heidi Klum also likes to show herself with the signs of the cult. Whether the evil eye, or the devil’s horns, or the “Vow of Silence”, the Masonic vow to maintain silence...

Heidi Klum a supermodel ... Always again called the most beautiful woman in the world. But for a model, she also has very somber looks. As a film producer, I know that the world’s best make-up artists and moulage specialists were at work to disfigure her so diabolically. She spent 10 hours in makeup for this look. She is known for her Halloween parties, to which she invites celebrities from all over the world. Here, for example, Mariah Carey and Katy Perry.

However, according to ex-Satanists John Ramirez and John Todd, Halloween is not a harmless scary holiday in the circles of the Satanic cult. Among Satanists and in witchcraft circles, Halloween is said to still be the supreme holiday, a celebration of horror and death. According to the testimony of these two ex-Satanists, most children disappear during this time of year. John Todd, literally, and I quote, “Who wants to celebrate the day when witches sacrifice thousands of people throughout the world?” So which celebrities can you find at Heidi Klum’s Halloween parties? According to the authors of “Epstein: Dead Men Tell No Tales,” Prince Andrew and Jeffrey Epstein were at the Halloween party in 2000. Donald Trump and his wife were also said to have been at the party. You surely remember the infamous headlines about Jeffrey Epstein and his ominous private island, where he held sex parties with celebrities, high-ranking politicians and influential people – mostly also with underage girls – and was sentenced for it.

Prince Andrew also hit the headlines for having sexual encounters with minors, as Virginia Roberts Guiffre testified against him. Heidi Klum is also known for her creepy videos. Here she depicts cannibalism. It looks frighteningly real ... She is also known for her drag shows on TV. We ask our hearts: Is this all just fun and games? Is it all just art and “dressing up”? Is this still appropriate for a “harmless creepy party”? While all over the world children and survivors are screaming because they are being martyred and tortured by real scary “creeps”?
