

Mask mandates

Senseless & dangerous

Medical masks WILL NOT protect you from viruses!

Viruses are several times smaller than the pores of the masks.

Breathing is hindered and oxygen supply is reduced!

Effects: dizziness, headache, fainting.

While breathing, humidity increases beneath the mask!

Effects: bacteria/viruses multiply in the lungs.
Increase of fungi, acne and pimples in the face.

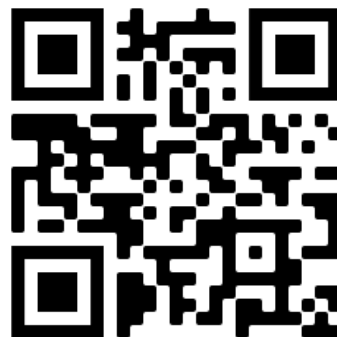

Masks slip and are readjusted by hand.

Effects: hands are contaminated with viruses/bacteria.

WHO
Covid-19
asymptomatic
transmission
very rare
